

SPECIAL NOTIFICATION

ENERGY EFFICIENT HOME IMPROVEMENT TAX CREDIT

As part of the Inflation Reduction Act of 2022, the expanded version of the 25C tax credit is now referred to as the Energy Efficient Home Improvement Tax Credit. It will provide up to \$2,000 in tax credits for qualified water heaters and boilers. In addition to specific tax credits for certain water heaters and boilers, credits are available for other qualifying home upgrades. This expansion, effective beginning in 2023, incentivizes the installation of new high-efficiency appliances through December 31, 2025.

ELIGIBLE LAARS HEATING SYSTEM PRODUCTS
